

ABOUT ME

I am a fifth year student of Industrial Engineering and Management at the Faculty of Mechanical Engineering and Naval Architecture in Zagreb, with a very wide range of interests. I am passionate about learning new skills, such as chess or programming

SKILLS AND KNOWLEDGE

I am skilled in AutoCad, Solidworks, Catia, Html, CSS, SCSS, JavaScript, React.js, Redux and parts of Vue.js. I am also familiar with Python, and also accustomed to working in ERP systems, such as Odoo, where I developed the entire production plan and project execution plan. Making Odoo based project set me on a path of acquiring Lean Six Sigma Green Belt, which is my current focus. I also have a B2 certificate in English that I obtained at the Vodnikova School of Foreign Languages.
